

**REMARKS**

Prior to, and after, this Response, claims 1-2 and 4-95 were/are pending in this application. No substantive amendments are made in this response, only the entry of a Terminal Disclaimer to overcome an obviousness-type double patenting rejection, entry of a correction to the co-inventor's address of record, and corrections of several mis-spellings in the Specification. Accordingly, Applicants respectfully request that the Examiner enter the amendments and allow claims 1-2 and 4-95 as presented in this application.

**1. Rejection of Claims 1-2 and 4-95 under Judicially Created  
Doctrine of Obviousness-type Double Patenting**

The Office Action rejects claims 1-2 and 4-95 as being unpatentable over claims 1-67 of U.S. Patent No. 6,897,832.

**Response**

With this Response and Amendment, Applicants enclose a Terminal Disclaimer over U.S. Patent No. 6,897,832.

Accordingly, Applicants respectfully request that the Examiner reconsider and withdraw this rejection.

**CONCLUSION**

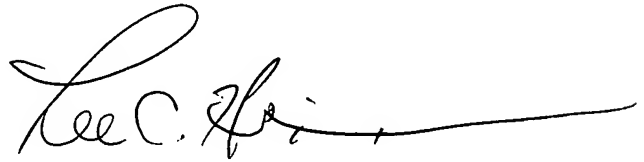

Based upon the above remarks, the presently claimed subject matter is believed to be patentable in relation to Applicants'

patent of record. The Examiner is therefore respectfully requested to reconsider and withdraw the rejections of remaining claims 1-2 and 4-95, and allow all pending claims presented herein for reconsideration. Favorable action with an early allowance of the claims pending in this application is earnestly solicited.

If the Examiner has any questions or comments regarding this matter, he is welcomed to contact the undersigned attorney at the telephone number and address listed below.

Respectfully submitted,
